This map was produced by Douglas Grant (Terracon Geoscience Int'l) based on vertical airphoto NAPL A11767-126 flown by the RCAF in 1947 (scale 1:31680 or 1 cm = 317 m) — the second airphoto coverage of Prospect in a series of 8 surveys 1931–1993 (NAPL roll numbers: A3861, 11767, 14196, 17234, 20455, 24693, 27115, 28005, 31426). Buildings and other structures are differentiated as to approximate date of construction or disappearance. Official placenames are added (informal names in quotes). This and other airphotos of various scales and dates are sold by the National Airphoto Library; also by NS Dept. Housing & Municipal Affairs
